

K-8 Preview Days

Early Education, Elementary, Middle and K-8 Schools

Visiting schools is one of the best ways to learn if it's a good fit for your child.

1. Start your search by getting your list of schools at www.discoverbps.org
2. Plan to visit as many of the schools on your list as possible before you register.
3. Rank at least five (more is better) on your application.
4. Be sure to register in the first round for your grade:
 - K, 6 and 9 in January
 - All other grades in February

The following dates are in addition to our citywide open house, taking place in all our elementary, middle and K-8 schools:

A Checklist for School Visits

Consider the following as you decide which schools are a good fit:

- What is the school's curriculum?
- Are there enrichment programs, such as music and art?
- For middle grades, are there sports or world languages?
- Are there services for English language learners and/or students with disabilities?
- Are there opportunities for advanced work? For Algebra 1 in grade 8?
- What is the size of the school? How many classes per grade? Are there open seats for the grade you are seeking?
- What is the school's environment? What types of learning materials are on display?
- What is the school's student achievement data (such as MCAS, other assessments, and attendance rates)?
- What are the school's hours?
- Does the school have before- or after-school programs? For what ages? How much do they cost?
- What are the opportunities for family involvement?
- What are the facilities like? Is there a playground, gym, library, pool, auditorium or cafeteria?
- Is there a school uniform policy?
- How diverse are the student and staff populations?
